CONSERVATORS OF WORKS OF ART

The Chazen Museum of Art provides no conservation or restoration services for works of art, but we make available this list of professional laboratories and individual conservators for your reference. This listing, however, does not constitute an endorsement by the Chazen Museum of Art. Names followed by an asterisk (*) below are Fellows or Professional Associates of the American Institute for Conservation of Historic and Artistic Works (AIC), the national membership organization of conservation professionals dedicated to preserving the art and historic artifacts of our cultural heritage. You may request the free *Guide to Conservation Services* from the AIC. To help you locate and select conservation professionals, contact the AIC office: (202) 452-9545, info@aic-faic.org, <http://www.conservation-us.org/>. Please provide a complete description of the object, the type of conservation service you require, the geographic area in which you prefer to have the work done, and your mailing address. In response to your inquiry, a computer-generated list of conservators will be compiled and grouped geographically, by specialization, and by type of service requested.
